Mojkovac Municipality  
United Nations Development Programme (UNDP) Montenegro**

## **Media Advisory**

### **Exhibition of design work from the conceptual urban and architectural solutions competition for the area of remediated lead and zinc tailing mine impound in Mojkovac**

**What:** The Ministry for Spatial Planning and Environment, Municipality of Mojkovac and UNDP Montenegro will organize opening of an exhibition of design work from the conceptual urban and architectural solutions competition for the sports and recreation area with supporting facilities in the section of the remediated Lead and Zinc Tailing Mine Impoundment in Mojkovac. Beside presenting design proposals, the exhibition also has an aim to present an idea about transformation of then environmental hot spot into a space fully compliant with the principles of sustainable development.

#### **Speakers at the opening of the exhibition will be:**

**H. E. Mr. Branimir Gvozdenović, Minister of Spatial Planning and Environment**

**Mr. Miladin Mitrović, Mayor of Mojkovac Municipality**

**Mr. Alexander Avanesov, UN Resident Coordinator/ UNDP Resident Representative to Montenegro**

**When:** **Tuesday, February 23rd 2010, at 7pm**

**The Exhibition will be open until Friday, February 26th 2010**

**Where:** **New „Europoint“ business building, 1 St. Petar Cetinjski Blvd (near Podgorica Hotel)**

Initiators of the competition were the Ministry for Spatial Planning and Environment, Municipality of Mojkovac and UNDP Montenegro, within the „Spatial Planning Support Project in Montenegro“ financed by the Swedish International Development Cooperation Agency (SIDA) and the Project for remediation of Lead and Zinc Tailing Mine Impoundment in Mojkovac as part of the Western Balkans Regional Environmental Programme financed by the Government of the Netherlands.

The Competition was announced with an aim to explore expert public attitudes, primarily architects and urbanist designers as well as architecture students, to the possibilities for optimal usage of the mentioned space including modern architecture's expression, careful way of dealing with the environment and respecting sustainable building principles. 17 applications that came from the country and abroad confirmed great interest in the competition. The Expert Jury selected seven design proposals of which five were awarded and two were bought up.
